2. Please note that contrary to previous practice, statements of the area of responsibility or area of interest of the Divisions have not been incorporated in the attached statement of mission and functions. However, attached as TAB B are statements of their areas of responsibility previously prepared by the Divisions. These statements are being reviewed to ensure that they cover both O/SI's area of primary production responsibility under DCID 3/4 and the broader area of our internal CIA responsibility. Changes you may desire to recommend should be submitted informally to [] before 15 October 1952. In the meantime, the attached statements will be considered effective.
